Hi Jeff,  
Thank you so much.  
It looks like the submission has gone through in CDX, I finally received the automatic email early this morning.  
Thanks.  
Best regards,  
Xiao

Xiao,

I did check CDX and I do not see anything new in CDX, I will check later today and in the Morning. I will let you know tomorrow if it is processing in CDX. Normally I can see what is pending once you send it. When you get that second email is probably when it gets posted in CDX.

I will also include the Human patch test submitted with the PMN to see if we can use that to mitigate the consumer risk.

Timing wise, when I send the Data Review Memo (DRM) I normally put two weeks to get the revised engineering report, that will trigger a new exposure report to see if we mitigated the eco risk. That puts us close to the Holiday week and may not have anything for you until January. If I do get something I will share it with you.

Jeff

Dear Jeff,

Thank you so much for spending the time yesterday to discuss our PMN case with me.

This morning I submitted via CDX a letter summarizing some of my comments on the reports, and 3 supporting documents regarding one of the topics we discussed yesterday. The submission was made as 'Support' for P-20-01XX and addressed to you.

The status in CDX has been displaying 'Submitted' since this morning, though I have not yet received the automatic email confirming the receipt, and the Submission Date still says 'PROCESSING'.

I am not sure if the submission went through and reached you, or if the CDX system is having delays. If you have not seen it, hopefully it goes through very soon.

Thank you again for your time and consideration.

Best regards,

Xiao
